

Ealing are nearing completion of the newly built council properties at Hanway Road (Hanwell), Maiden & Furlong House (Eastcote Lane, Northolt) and Firefly Close (off Britannia Close, Northolt). A total of 57 properties, consisting of 1, 2, 3 & 4 bed houses and flats are advertised in this edition of Locata Home.

To make best use of these units first priority will be given to current council tenants who are downsizing and vacating a 4 bedroom property or above and then priority will be given to those who are experiencing severe overcrowding. We have also set aside 10% of all new build in Ealing to be prioritised for local residents. This will be clearly stated in the adverts for these properties.

Please note that only Council tenants who have a clear rent account and no history of Anti-Social Behaviour will be considered for these properties." These properties are the final phase of Ealing new build for this year.
